OS BAGNO

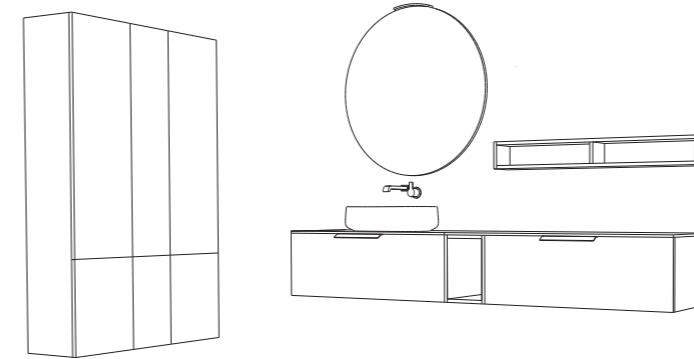

ATHENA

presenta una collezione di volumi puri con moduli flessibili, realizzati interamente in Italia, pensati per un bagno dalla forte personalizzazione stilistica. La flessibilità compositiva e l'ampia scelta dei materiali, dai laccati dalle tonalità calde, neutre o fredde, alle essenze Orion, Duna, alle finiture cemento e all'HPL rinnovano le cromie della stanza da bagno per un risultato dal mood che si sposa con ambienti di ispirazione metropolitana o perfino classici.

Il tratto della maniglia Agata a filo anta di colore nero, la maniglia cromata Clara con le nuove specchiere Elettra e Black definite in un tratto minimale e rigoroso imprimono la collezione con un segno distintivo nella quale la perfezione di un dettaglio identifica uno stile.

ATHENA

presents a collection of pure shapes and flexible units, all made in Italy and designed to give your bathroom space real customised style. This flexible composition offers a vast array of materials and finishes, from warm, neutral and cold lacquered shades, to the Orion and Duna wood grains, as well as cement and HPL finishes. They each transform the colour palette in the bathroom, creating a look that works well with spaces that have a metropolitan or even a classical feel. The black Agata handle flush to the door, and the Clara chrome-plated handle with the new minimal Elettra and Black mirrors give the collection a distinctive look. Sleek details define the style.
