La superficie lignea è protagonista di una storia che viene dal Nord. Tagliata e lavorata, verniciata e graffiata, impolverata e oliata. Un recupero che pareva impossibile per questo trattamento estremamente aggressivo, ora diventa forma di design. Venature, graffi da taglio, contrasti verniciato-decapato: ogni elemento diventa un segno distintivo capace di arricchire qualsiasi tipologia d'ambiente.

*Wooden surfaces star in a story that comes from the North.
Cut and processed, painted and scratched, dusty and oiled.
This apparently impossible recovery of such an extremely aggressive treatment, has now become a form of design.
Grains, cuts and scratched, painted and pickled contrasts: every element becomes a distinctive mark able to enhance any kind of setting.*
