

LAVARREDO.

QUELLO CHE GLI ALTRI BAGNI NON FANNO
WHAT OTHER BATHROOMS DO NOT DO

Lavarredo è una linea creata per rendere il bagno più funzionale e soddisfare l'esigenza di arredare, in modo pratico e gradevole, piccoli e grandi spazi. Rivoluzionaria l'idea di progettare un lavabo in ceramica, dal design deciso e più profondo rispetto allo standard (24cm), che ha permesso di coniugare eleganza e funzionalità.

Lavarredo is a model to make the bathroom more functional and to satisfy a need to furnish, in a practical and pleasant way, large and small spaces.

Revolutionary is the idea to create a deeper ceramic washbasin than the standard one (24cm) and with a distinct design, which permitted us to unite elegance with functionality.

Specchio contenitore L50xH70 con lampada led, retro specchiato con ingranditore. Cerniera con apertura a 165°, box presa interruttore a richiesta.

Mirrored wall unit W50xH70 with LED light, mirror inside the door with magnifying section. Hinge opens 165°, electrical socket and switch box on request.
